

SPORT TITLES AND LOGO

Guide

Summary info

This project contains: Titles and Logo Reveal

Titles have 10 slides

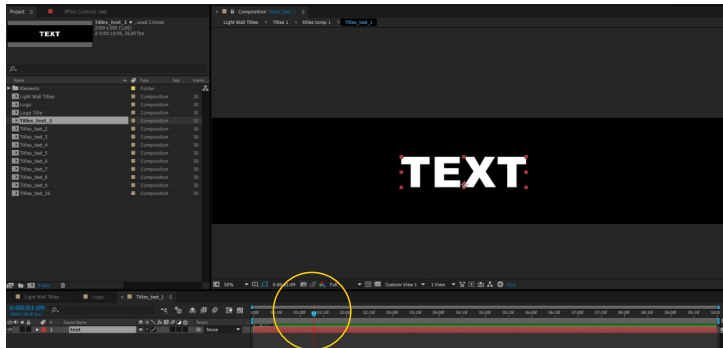

You can change any text, colors and logo

Music in the preview is not included to this project

Titles customization

First of all, open **Sport Titles and Logo.aep** file.
You must have Adobe After Effects CC2014 installed.

In the left Project panel
open **Titles_text_01 - Titles_text_10**
Move Time Slider to second 2-3
and then double click on
text layer. Just type your text.

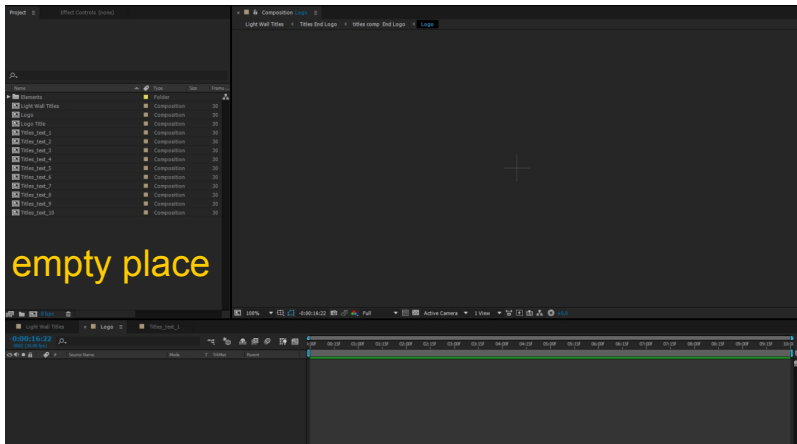

Titles and Logo customization

Double click on empty place on the left panel and select your logotype. Logotype must be with alpha channel (transparent)

Then double click on

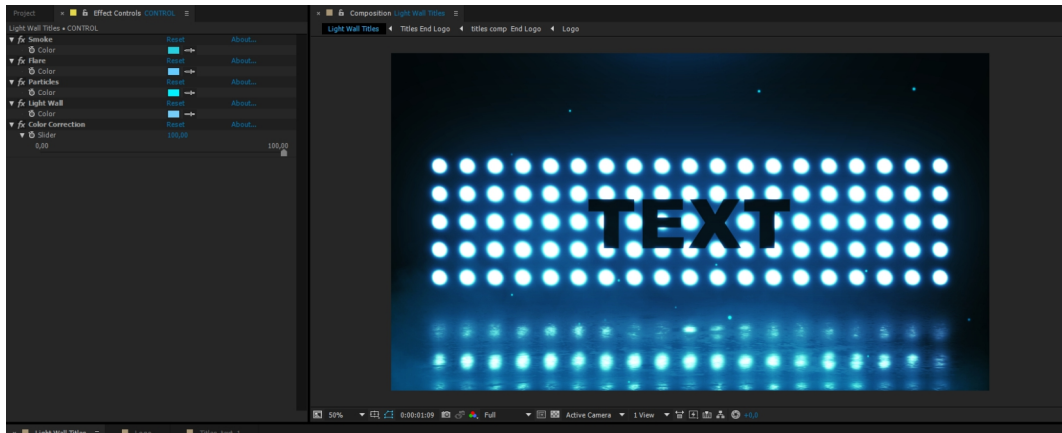

Logo composition.

Drag and drop your logo to this composition.

Titles and Logo customization

To change colors go to **Light Wall Titles** composition and select yellow **CONTROL** layer. Then go to Effects Control panel (F3) and just pick your colors by clicking on the colour boxes

Titles and Logo customization

To change quantity of the slides just select some of them in the **Light Wall Titles** composition and press Delete. For example, you need 5 words and End logo. Select layers **Titles 6-10** and delete. Then select **Titles End Logo** layer and move it left.

Add your music and press **Ctrl+M** to render final product.

To render separate Logo reveal just open **Titles End Logo** composition a press **Ctrl+M**
